SUNDANCE WYOMING

Sundance Wyoming is located in the northeast corner of the state and is the perfect combination of quiet, friendly lifestyle, award winning healthcare, comprehensive services, world class recreation, and outstanding business potential. Established in 1875 as a trading post, settlers prospered in the wide open frontier of this time. Not much has changed in the 100 plus years - the skies are still huge and Sundance Mountain is still breathtaking. The monumental vista towers over this quaint town.

Clarenbach Memorial Park

B

Sundance, with 1,043 residents, is the seat of Crook County and the center of a 200,000 person economic zone ranging from Rapid City and the Black Hills of Western South Dakota to the massive energy industry around Gillette, Wyoming.

Sundance Mountain shelters the city and anchors a group of four mountains sacred to Native Americans that also includes Devil's Tower, Inyan Kara, and Bear Butte. These four are all important ceremonial sites for the Native American population. Oral histories indicate that the sun dance was performed on Sundance Mountain by Plains tribes. During this ceremony personal sacrifices were made for the good of the community.

The city provides outstanding services to its residents and the outlying population. There are three parks with playground equipment, walking paths, a golf course, a newly remodeled outdoor swimming pool, splash pad, outdoor theater, athletic fields, rodeo and fairgrounds, and a new football stadium.

The award winning Crook County emergency room and hospital, urgent care center, and nursing home provide comprehensive and accessible health care with no need to leave town.

Local businesses offer dining, retail, pharmacy, and a wide range of supplies and services. Seasonally, there is a weekly farmer's market and ready access to local ranch and farm grown meat, poultry, game, and vegetables. Elk, muley, whitetail deer, and other hunting access is some of the best in the U.S.

The Sundance Kid Statue

Sundance is 60 minutes from the Gillette Airport (GCC) with daily service to Denver and 85 minutes from the Rapid City Airport (RAP) with service to Minneapolis, Charlotte, Denver, Dallas - Fort Worth, Chicago, Las Vegas, and Phoenix.

Minutes away are the Black Hills and Bear Lodge National Forests with camping, riding, hiking, fishing, snowmobiling, and horseback riding. Boating is available at several nearby lakes and reservoirs. The city hosts the Crook County Fair and a series of festivals and activities throughout the year.

Crook County Wyoming

Crook County is home to fantastic year round outdoor recreation and history. With over 123,000 acres of National Forest, recreation enthusiasts will enjoy superb hunting, fishing, hiking, camping, horseback riding, mountain and road biking, cross country skiing, and snowmobiling. As the home of Devils Tower and the Bearlodge Mountains there is always an adventure waiting on your doorstep.

Sundance is the county seat for Crook County. Many of the county services have offices in Sundance.

For contact information for county officials, please visit www.crookcounty.wy.gov

For information on other health and human services offered in Sundance, please visit wyoming211.org

Safety

Crook County has a population of 7,315 and ranks high in safety. Property crimes such as burglary and theft are around 85% lower than the national average.

Reasons to do Business in Sundance, WY

Located on Interstate 90, between Spearfish, SD and Gillette, WY, Sundance offers a supportive business climate, offering two newly developed industrial parks adjacent to I-90 and some beautifully renovated office spaces available in the historic Main Street district. No state income tax and low energy costs make Sundance the perfect community to set up your business.

Location:

Sundance is located on I-90, providing transportation access to and from major markets in the Northwest and Midwest. Additionally, Sundance is located within 60 and 85 minutes, respectively from two regional airports: Gillette, WY and Rapid City, SD.

Internet:

The Sundance area offers state-of-the-art fiber optics internet infrastructure, supplied by Range. Their high speed internet service has options to meet the needs of your business. You can download graphic-heavy files, large documents, photos, email attachments, and more instantly. It will forever change the way you work, live, and communicate.

Taxes:

The citizens of Wyoming pay one of the lowest levels of personal taxes in the United States. There is no income tax, and sales tax in Crook County is only 6%. Property taxes are also very low. Taxes on a typical \$250,000 home in Sundance are about \$1700/year.

Wyoming was rated by the Tax Foundation as having the best business climate of all 50 states for the last five years in a row.

taxfoundation.org/

Energy:

Sundance is supplied with affordable and reliable electricity through the locally owned rural electric cooperative - Powder River Energy. The rates are affordable because the cooperative operates at cost and is owned by its member-consumers. Any excess revenues above the cost of providing power are returned to the members. The rates are consistently competitive with neighboring electric utilities that are investor-owned or municipal enterprises.

Education

The mission of the Crook County school district is, “to prepare and empower all students for successful, lifelong learning through effective teaching.” The district believes every student is unique and must have the opportunity to learn. To promote lifelong learning, students must experience success individually and collectively.

The K-12 education system in Sundance boasts small class sizes allowing for a high level of individual attention, which is closely associated with the high graduation rate of 90%. In 2016, a brand new elementary school was built. The football field and track are also new.
