

# Sundance Geocache Roundup

You're in outlaw territory, stranger. Better make sure you check in with The Sundance Kid. He and Butch Cassidy will get right angry--might even take after you with their Wild Bunch friends if you don't.

You'll find the Kid at the Crook County Museum and be sure to get your photo taken with him.

Treasure hunting, you say? It'll be healthier for you if it's not the gold I'm after. Geocaching? Don't know nothing about that. Just the same, me and Ol' Shep will be watching you. We know how to deal with claim jumpers.

### What is GEOCACHING?

Geocaching is a global high-tech treasure hunt where participants use a combination of online clues and GPS coordinates to find “caches” (hidden containers). The caches are often hidden in unique and interesting places which participants may never have discovered on their own, but some are concealed as mundane objects in plain sight. Currently there are more than 1 million active participants and approximately 985,000 caches hidden in more than 100 countries. For more information about Geocaching, visit [www.geocaching.com](http://www.geocaching.com).

### How to find a cache

1. Go to [www.geocaching.com](http://www.geocaching.com)
2. Register for a free basic membership.
3. Click “Hide & Seek a Cache.”
4. Search for the caches in this trail using the “GC Number” listed in the passport.
5. Enter the coordinates of the geocache into your GPS device.
6. Use your GPS device to assist you in finding the hidden geocache.
7. Carefully search for the cache showing respect for your surroundings.
8. Sign the logbook, fill in the passport and return the geocache to its original location.
9. Share your geocaching stories and photos online.

### Geocaching Etiquette

- \* Obey local laws. Follow regulations governing the use of roads and other public areas. Obtain permission before entering private property.
- \* Leave No Trace. Practice “Cache In Trash Out.” Clean up litter along the way and don’t leave any behind. This helps keep trails clean.
- \* Respect the geocache. Replace the container exactly as you found it.
- \* Log your find. Sign the logbook and share your experience online. If you take something from the cache, leave something of equal or greater value.
- \* Keep ‘em moving. Only take a trackable item if you are willing to help it travel from geocache to geocache.

Where the Film Festival Isn’t...Get Real Sundance! Let the name awaken your imagination to days long ago when rowdy cowboys whooped it up on Saturday nights, or maybe you picture serene Indian villages camped at the base of Sundance Mountain where they performed their sacred sun dance ceremonies. This Wyoming town welcomes the visitor to Get Real Sundance. Be adventurous in our rugged Bearlodge Mountains, soak in the vibrant vistas, explore the rich old west history at our free museum, browse in the stores, enjoy delicious food, drink and stay a few days basking in our western hospitality.
